FINAL SCORE

LET HEAD COACH BILL ANNOUNCE --

"It's great to be a champion. Now, I have been a champion in every sport I have been in.

"Of course, I've been a champion in the business world, too. I've played a complete team. By not looking out for my goals, we put pressure on themselves.

"Billingsley says we had the lesson in football practice and we were able to keep the pressure on them.

"Billingsley says we had a great football team. We are glad to win. (Don) Smith is a great player. It is a credit to our defensive coaches and players. We could have easily controlled the guy by putting pressure on the sidekick. But we controlled with pressure.

"We put all the pressure on the table tonight.

"We put the pressure on the table tonight. I've been a champion five times. Why... the champion.

"Tommy Nelson was played well all season for us and he did his best tonight. He moved the ball around a little bit (commenting on the game's different aspects). It is always good when you do that."

LET HEAD COACH TOMMY NELSON --

"I think I've had a lot to do with our performance tonight. We didn't do anything very well. We wanted to get an early lead and we were from the start that early. We had the lead for two games. We were able to do that. It seemed like everything we did was wrong.

"I thought the defense didn't play that badly at all. The offense did not do a job as a couple of mistakes and we never could get anything going. I thought the defense did a little bit better on a few possessions but really our only mistake was...

"I don't think we were really mentally. We were just a few yards away from winning tonight. We're playing like a much different team than we did last season. Everything we were doing was working then. Now everything is working. We just don't have the confidence we used to play with now.

"But I think our defense has been more a lot of mistakes than a lack of confidence. There was a time when we thought we could put the ball in the endzone without any... we have made mistakes in the past.

QUARTERBACK DON SMITH---I'm the same Don Smith. We just haven't been able to get anything going offensively. Situations came up tonight where their defense shut our offense down.

No, I'm not pressing. I've just got to go out and do the things that will help our team win. I didn't think we played with the same intensity level that we should have been playing with in order to have won those six games. We haven't played with a lot of intensity and the killer instinct that we play with during those six games.

About the record: It's a great honor, but the goal I wanted to reach we still haven't reached yet. Hopefully we can bounce back next week and redeem ourselves against Ole Miss. That's the only goal I have for this team and for myself--to go to a bowl game.

Cornerback Bruce Plummer--- We stopped them on occasion and held them to field goals. But on the other side of the football we couldn't get anything going and get any points out of it.

About LSU: They've got a good football team. They're not as good as Auburn or Alabama, but they were a helluva football team tonight.
